Introduction

This is a book for experienced Novices and Early Intermediate players. It's a Standard American (not 2/1) bidding review with a unique twist. Like bidding an actual bridge hand, you see only your own hand and partner's bids. You practice visualizing what partner holds – from her bids only.

You (always South) open 1♦ and partner responds 1♥, or you open 1♠ and partner responds 1NT. **What Does Partner Have?** Is partner's bid forcing?

Each chapter presents deals arranged progressively from simple to complex.

In Book One, the opponents always pass. Stayman and Jacoby transfers are the only two conventions used.

(Book Two gets all four players involved in the bidding, and things get more complex. You must then visualize three other hands!)

Individuals or partnerships seeking to clarify their bidding messages will find this book helpful.

How it Works

Each chapter begins with a **Review**.

Then **Example Deals** show your South hand, along with the full bidding.

Look at your hand and the full bidding, and visualize partner's holding. Then consult:

What Does Partner Have? Did you visualize your partner's hand correctly? What did partner's bids mean? Were they forcing?

Thoughts give additional ideas on the bidding sequence. Progressively, *negative* inferences are noted, based on what partner *might have* but *did not* bid.

Quiz Questions & Answers are presented at the end of each chapter. **Not Sure?** Consult the suggested deals to review the concept – maybe with your partner!

The Overall Picture for Opening Bids

based on Total (High Card plus Length) Points

0-12 Points = Pass or bid *Preemptively*

6-10 Points =

= Bid 2♦/♥/♠ *Preemptive* (with a good* 6-card suit)

= 3♣/♦/♥/♠ *Preemptive* (shows a good* 7-card suit)

= 4♣/♦/♥/♠ *Preemptive* (shows a good* 8-card suit)

= 5♣/♦ *Preemptive* (shows a good* 9+ card suit)

*good means 2 of top 3, or 3 of top 5 honors

13-21 Points = Bid 1 of a suit (♥/♠ with 5, ♣/♦ with 3+)

15-17 Points *balanced* hand = Bid 1NT

18-19 Points *balanced* hand = Bid 1 of a suit; then
jump to 2NT (too strong for 1NT, too weak for 2NT)

20-21 Points *balanced* hand = Bid 2NT

22+ Points any distribution = Bid 2♣ (forcing); then
rebid your long suit (forcing),

or show a *balanced* hand (*not* forcing) with:

22-24 Points = 2NT

25-27 Points = 3NT

28-30 Points = 4NT

(etc. by 3-point ranges)

Opener's Balanced Hand Bids

13-14 – Open One of a Suit, rebid 1NT

15-17 – Open 1NT

18-19 – Open One of a Suit, rebid 2NT

20-21 – Open 2NT

22-24 – Open 2♣, rebid 2NT

25-27 – Open 2♣, rebid 3NT

28-30 – Open 2♣, rebid 4NT,

(etc. by 3-point ranges)

Review of the Basics

Counting Total Points

Total Points equal both:

High Card Points: A/K/Q/J = 4/3/2/1 points, and

Length Points: 5/6/7/8-card suits = add 1/2/3/4 points

Total Points needed for Partscore, Game & Slam

Partscore = fewer than 26 points

Notrump Game = about 25 points

Major (♥/♠) & 3NT Game = about 26 points

Minor (♣/♦) Game = about 29 points

Small Slam = about 33 points

Grand Slam = about 37 points

Dummy Points – with 3+ card support for Opener's Suit,
Responder adds:

Void = 5 points

Singleton = 3 points

Doubleton = 1 point

Hand Evaluation (suits only)*

<u>Opener</u>	<u>Strength</u>	<u>Responder</u>	
13 to 15	Minimum	6 to 9	= Partscore
16 to 18	Medium	10 to 12	= Game
19 to 21	Maximum	13+	= Slam

A Minimum + Medium pair **may** explore for Game

A Medium + Maximum pair **may** explore for Slam

*some partnerships may have slightly
different pointcount ranges.

Chapter One

OPENING 1NT

1NT Opener = 15-17 *balanced* HCPs (no voids or singletons, not more than one doubleton).

Responder's Bids to Opening 1NT Point Range Chart

Standard Bids

0-7 *balanced* Points = Pass

8-9 *balanced* Points = 2NT* (asks Opener to Pass or Bid 3NT)

10-15 *balanced* Points = 3NT

Quantitative Bids (by 2-Point Ranges)

16-17 *balanced* Points = 4NT* (asks Opener to Pass or Bid 6NT)

18-19 *balanced* Points = 6NT

20-21 *balanced* Points = 5NT* (asks Opener to Bid 6NT or 7NT)

22+ *balanced* Points = 7NT

*Responder's 2NT, 4NT, and 5NT bids ask Opener to further describe his 1NT hand:

- 15 points is minimum
- 16 points requires judgment**
- 17 points is maximum

Note: When both partners have balanced hands, it's the "quantity" of points that determines how high to bid (hence "Quantitative" Bids).

**16-Point Hands Requiring Judgment

- How do I know if my 16 point hand is '**good**' or '**bad**'?
- Do I **upgrade** or **downgrade** my 16-point hand?

Possible considerations may be:

- If your honor cards are working together in the same suits, perhaps upgrade your hand.
- If your honor cards are split up in different suits, perhaps downgrade your hand.
- If you have a good 5-card minor suit, perhaps upgrade your hand.

What Does Partner Have?

1NT. 15-17 balanced points.

Pass. After my 2NT bid, partner's pass shows a minimum 15 point hand, or a bad 16 point hand. Partner does not have 17 points.

Thoughts

Partner's pass shows a minimum 15 point hand, or a bad 16 point hand.

What Does Partner Have?

1NT. 15-17 balanced points.

3NT. Shows a maximum hand.

Thoughts

I have a 6+ card minor suit to suggest as trump, but with an otherwise balanced hand and only 8 points, I bid 2NT. Partner bids 3NT with a maximum hand. When my dummy hand is tabled, partner should be delighted to see my 6-card minor suit. Even with our known 8+ card minor fit, partner will prefer a NT contract, which scores higher.

Chapter One — Quiz Answers

Balanced Hand Responses to Opening 1NT

a. **Pass/6NT.** You'd pass with 15, bid 6NT with 17, but you have 16. You choose. Partner is showing 16-17 balanced points. You have 32 or 33 combined HCPs.
Not Sure? See Deals #5 and #6.

b. **4NT.** You show a balanced 16-17 HCPs, asking partner to Pass or bid 6NT.
Not Sure? See Deals #5 and #6.

c. **7NT.** Partner is showing 20-21 balanced HCPs, asking you to bid 6NT with a minimum or 7NT with a maximum. You've got the max!
Not Sure? Review Deal #10.

d. **5NT.** You show 20-21 balanced HCPs. Now it's up to partner to bid 6NT or 7NT. Partner has at least 3 Aces!
Not Sure? Review Deals #9 and #10.

e. **Pass.** Partner is showing 8-9 balanced HCPs, asking you to Pass with a minimum, bid 3NT with a maximum, and show judgment with 16. You're minimum.
Not Sure? Review Deal #1.

f. **2NT.** You show 8-9 balanced HCPs, asking partner to Pass or bid 3NT.
Not Sure? Review Deals #1 and #2.

Unbalanced Hand Responses to Opening 1NT – Stayman

Stayman Review

- After partner opens 1NT, Responder, with 8 or more points and at least one 4-card major, makes an **artificial** bid of 2♣ (Stayman) asking 1NT opener if he has a 4-card major. **Forcing.**
- Opener rebids
 - 2♦ with no 4-card major, or
 - 2♥ with four hearts (and maybe four spades), or
 - 2♠ with four spades (and denies four hearts)
 - with both 4-card majors, opener rebids “up-the-line” – hearts first
- Without a major fit, Responder rebids
 - 2NT (with 8-9 points), or
 - 3NT (with 10-15 points)
- With a major fit, Responder rebids
 - 3 of agreed major (with 8-9 points), or
 - 4 of agreed major (with 10-15 points)

Example Deals #11-15

“Garbage” Stayman Review

- After partner opens 1NT, “Garbage” Stayman is a 2♣ response with **0-7 points**, shortness (singleton or void) in **clubs only**, and no 5-card or longer major suit.
- With this rare and weak hand, Responder knows that opener will be better off playing in any suit **except clubs**. So, responder bids Stayman, and passes whatever opener rebids.

2♦. After my Stayman bid – forcing, partner shows no 4- card major.

Pass. After my 2NT rebid, partner shows a minimum 15 points, or a bad 16 points.

Thoughts

I start with Stayman, and not finding a fit, rebid 2NT showing 8-9 balanced points. Partner's pass shows a minimum 15 points, or a bad 16 points. Partner does not have 17 points.

What Does Partner Have?

2♣. Stayman convention – forcing: *showing* at least one 4-card major and 8+ points, and *asking* me to name my 4+ card major (“up the line”: hearts first if I have 4 hearts and 4 spades), or bid 2♦ if I don’t have a 4+ card major.

2NT. Shows 8-9 points, and four spades (hearts wasn’t a fit).

Thoughts

Answering Stayman, I bid 2♥ showing 4+ hearts (I could also have 4 spades). Partner bids 2NT to show no heart fit and 8-9 points. I now know that partner’s 4-card suit is spades, with 8-9 points. Without four spades to go with partner’s, and with a minimum hand, I pass (with 17, or a good 16 points, I would bid 3NT).
